GUIDELINES

- ‘Canes Communities are responsible for managing the administrative maintenance tasks for all of their social media outlets. Examples of administrative maintenance tasks include the following:
  - Posting new content/photos/videos/information on a regular basis.
  - Monitoring and responding to inquiries/posts/feedback from constituents.

- It is recommended for ‘Canes Communities to have at least two (2) Executive Board members with administrative access for each ‘Canes Community social media outlet.

- ‘Canes Communities should use discretion when blocking/deleting responses posted on ‘Canes Community social media outlets. ‘Canes Community Executive Board members with administrative access should try to communicate with constituents before blocking/deleting negative posts. - It is important to remember that you are seen as representing the University of Miami and UM Alumni Association with the content that is posted on your ‘Canes Community’s social media outlets and it is important to maintain positive messaging when posting any University-related content.
