What is a Degree Progress Report and where can I find mine?

The Degree Progress Report, formerly known as the ACE report, is a tool that lists all of the classes you are required to complete in order to graduate. All of the courses you’ve completed are listed in this document. Access to this document is available from your Student Center. You can select the ‘My Academics’ option located under ‘Academics’ on the upper left-hand side of your Student Center.

Then select the ‘View my advisement report’ tab under ‘Academic Requirements’.

You also have the option to use the dropdown box located directly under the ‘My Academics’ option.
Within the dropdown box, you can also navigate to your Degree Progress Report by selecting the ‘Academic Requirements’ option. An online tutorial on this topic is available for you to view at: online
Degree Report tutorial.
