Q: Where can I find information about my grade point average (GPA)?

A: There are a number of ways to see your academic information, including your GPA, from your Student Center. You can select the ‘Enroll’ tab and then select the ‘term information’ tab at the top right of the next page.

You would then select the ‘View my grades’ option to see your cumulative grade point average at the bottom of that page.

You also have the option to use the dropdown box located directly under the ‘My Academics’ option and select the ‘Grades’ option to view your grades or you can select the ‘Transcript: View Unofficial’ option to navigate to your unofficial transcript. Any of these options will allow you to access grade point average information. An online tutorial on this topic is available for you to view at: online cumulative GPA tutorial.
