

## Assessment for Ethics Modules

Name \_\_\_\_\_ Teacher \_\_\_\_\_ Grade \_\_\_\_\_

School \_\_\_\_\_ Course \_\_\_\_\_ Date \_\_\_\_\_

**Mark each statement as true or false:**

1. \_\_\_\_\_ Morality is what is right or wrong.
2. \_\_\_\_\_ Ethical reasoning is a way to decide who is right when people disagree.
3. \_\_\_\_\_ Ethics is what society decides is right or wrong.
4. \_\_\_\_\_ Ethics is the study of morality.
5. \_\_\_\_\_ Your ethical decision is your opinion.
6. \_\_\_\_\_ Ethical reasoning can help you assign blame.

**Please answer the following questions about ethical reasoning.**

	Strongly agree	Agree	Neither agree nor disagree	Disagree	Strongly disagree
I can be friends with someone who has a different opinion than me on an ethical issue.					
It's ok for people to use different ways of thinking about the same problem.					
People can think about one ethical issue in different ways and still come to the same conclusion.					
I can use ethical reasoning to decide what I think is right.					
I know how to say why I think something is true and not something else.					
I can disagree with someone else's opinion and still see how it makes sense to them.					
It hurts my feelings when people disagree with me.					

What was the ethical issue in this lesson?

What was the final decision or outcome with this issue?

Why was this the outcome? How was this decision made?

What did you learn about ethics in this lesson?

What are some ethical issues students your age are interested in discussing?

Do you believe that doing ethical reasoning in class will affect how you think and act? Why or why not?

If more of your classes discussed ethical issues would it make you want to go to class more? Why or why not?

Give a definition of morality:
