THE UNIVERSITY OF MIAMI

Founded in 1925, the University of Miami is the largest private research university in the southeastern United States. UM currently enrolls more than 15,200 undergraduate and graduate students from all 50 states and 112 foreign countries in its 12 schools and colleges. Students can choose from the following fields of study: architecture, arts and sciences, business, communication, education, engineering, law, marine and atmospheric sciences, medicine, music, and nursing. Last year, UM's 2,100 full-time faculty members generated $243.8 million in sponsored research and the National Science Foundation ranked UM 54th in the nation among private institutions receiving federal research funds.
