1. The most current statistics were obtained from Coral Gables police records on [June 9, 2003](#).

2. Discipline Case statistics were obtained from Dean of Students/Security at Coral Gables, Rosenstiel, and medical campuses.

3. Victim(s) declined police involvement but reported to a University administrative entity.

4. The University of Miami School of Medicine and Rosenstiel School of Marine and Atmospheric Science do not have student residences.

5. The University has progressively changed the way statistical data is collected and reported. The Public Property category for year 2000 includes statistics from Jackson Memorial Hospital, Cedars Medical Center, and the Veterans Administration Medical Center.

6. Local police agencies cannot provide data on hate crimes.

\*Effective October 1, 1998, the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (hereinafter the "Act") requires that institutions of higher education report statistics for those crimes covered by the Act by means of separate categories for criminal offenses that occur: (i) on campus; (ii) in or on a non-campus building or property; (iii) on public property; and (iv) in dormitories or other residential facilities for students on campus. Pending further guidance from the U.S. Department of Education on the scope of coverage under the Act, the University is reporting the crime statistics that have taken place since January 1, 1999, in Jackson Memorial Hospital ("JMH") facilities because of their use by University of Miami students, faculty, and staff, although those facilities are not owned or controlled by the University.
