The University of Miami is dedicated to providing a safe and secure environment for all members of the University community who study, research, live, and work at any of its campuses. Each campus has its own department responsible for all safety and security on that property. The Coral Gables campus is serviced by the University of Miami Police Department, a professional law enforcement agency that utilizes State of Florida-certified police officers and is supplemented by a contracted security guard service. The Miller School and Rosenstiel School campuses utilize professional security teams directly managed and supervised by the University. The City of Miami Police Department and Miami-Dade County Police Department, respectively, provide police services to these campuses.

To fulfill the UM Police Department and the UM Security Departments’ missions as collaborative, innovative, and proactive agencies, a community policing approach is taken. Patrol policy maximizes the time University police and security officers spend out of patrol vehicles and interacting with members of the community. Safety-related educational programming conducted on a frequent basis helps members of the community realize the power they have to prevent crime and keep themselves safe. Partnerships and working relationships with internal University organizations as well as external government and private agencies enable a multitude of services to be offered, most for free. Overall, a stronger relationship between the UM Police Department, the UM Security Departments, and the University community means a more collaborative, focused, and successful crime-fighting team. After all, safety and security on campus is everyone’s responsibility.

Reviewing the information outlined in this brochure will increase your awareness, and awareness is the precursor to action. The UM Police Department and the UM Security Departments are here to keep the University community safe and secure—but even more so, these departments are here to provide unparalleled, individualized customer service. Regardless of your association with the University, please feel free to directly contact me with any questions, concerns, or comments.

David A. Rivero
Chief of Police
SAFETY

WORKING TOGETHER, WE CAN MAKE THE UM CAMPUSES AMONG THE SAFEST IN THE NATION.

HAS A PERSONAL RESPONSIBILITY FOR OUR OWN STUDENTS AND EMPLOYEES. EACH OF US, HOWEVER, PROVIDING A SAFE CAMPUS ENVIRONMENT FOR ITS

Safety on the Campuses

his guide is published annually in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 U.S.C. Section 1092(f)). All currently registered students as well as employees are directly mailed (via U.S. Postal Service or interoffice campus mail) a notice by October 1 of each year that includes a statement of the report’s availability, the exact electronic address at which the report is posted, a brief description of the report’s contents, and a statement that the institution will provide a paper copy of the report upon request to the University of Miami Police Department. An electronic version is available online at www.miami.edu/public-safety/safetymatters/09-10.pdf. Printed copies may be requested by calling UMPD at 305-284-1105. Prospective students and employees of the University are informed of the guide’s availability, provided with a summary of its contents, and given the opportunity to request a copy from the University of Miami Police Department.

Each campus at the University of Miami provides protective services through a fully empowered police force, professional security department/service, or a combination of both. The University’s overall safety policy encourages accurate and prompt reporting of all crimes and emergencies. Criminal actions and other emergencies may be reported by anyone, in person or via telephone, to the respective campus police and/or security department listed on the back of this publication. Each campus police and/or security department has set policies that outline officer response to reported criminal actions and other emergencies.

In addition to monitoring and recording all criminal activity that takes place on campus, the University also monitors and records criminal activity that occurs off campus involving student organizations that are recognized by the institution and that engage students attending the institution. Please review the information contained in this booklet and keep it available for future reference. By working together, we will continue to make the University of Miami campuses among the safest in the nation.

Coral Gables Campus

Emergency

911

Police Department

Main: 305-284-6666
Non-Emergency: 305-284-6666

The University of Miami Police Department (UMPD) is a fully empowered law enforcement agency that operates 24 hours a day, 365 days a year; police headquarters is located in the University’s Ponce de Leon parking garage at 5665 Ponce de Leon Boulevard, Coral Gables, Florida 33146. Coral Gables campus police safety policy encourages accurate and prompt reporting of all crimes and emergencies. Criminal actions and other emergencies may be reported by anyone, via telephone or in person, to campus police by calling 305-284-6666 or stopping by police headquarters. Departmental policies outline officer response to reported criminal actions and other emergencies. Response will include timely warning and incorporation into the annual statistical disclosure as necessary. The department employs professional police officers who exercise the same authority and arrest powers as other municipal officers. They are sworn officers of the City of Coral Gables who have completed and graduated from rigid basic and in-service training programs mandated by the Florida Department of Law Enforcement. Campus police officers actively patrol the entire campus, 24 hours a day—on foot, on Segways, in GEMs (electric golf cart-style vehicles), on bicycles, on motorcycles, and in marked and unmarked police vehicles. The department also has a Criminal Investigations Division, composed of police detectives and investigators, and a Crime Prevention Office, which directs well over 55 different campus-wide crime prevention programs. Programs are directed to students, faculty, staff, parents, and friends of the University and include, but are not limited to, educational seminars, a 24-hour safety escort service, orientation programs, publication distribution, self-defense classes, and large-scale specialty activities. The University of Miami Police Department benefits from a close working relationship with the Coral Gables Police Department, South Miami Police Department, Miami-Dade County Police Department, and many other local, state, and federal agencies. A written Memorandum of Understanding agreement exists between the University and the Coral Gables Police Department. The Coral Gables Police Department extends its written Mutual Aid Agreements between local agencies through its collaborative partnership with the University of Miami Police Department. The police department on the Coral Gables campus is augmented by a large force of security guards (contracted through a private security company), student patrol aides, hundreds of security cameras and access-controlled doors, and a blue-light phone system that includes more than 100 blue-light phones and is continually growing.
The Security Department at the Miller School campus employs more than 80 uniformed security officers who monitor building entrances and patrol the campus on foot, bicycle, and in vehicles 24 hours a day; security headquarters is located in the Dominion Parking Garage at 1051 NW 14 Street, Suite 145, Miami, Florida 33136. The Rosenstiel School of Medicine and South Campus security safety policy encourages accurate and prompt reporting of all crimes and emergencies. Criminal actions and other emergencies may be reported by anyone, via telephone or in person, to campus security by calling 305-243-6000 or 911 or stopping by security headquarters. Departmental policies outline officer response to reported criminal actions and other emergencies. Response will include timely warning and incorporation into the annual statistical disclosure as necessary. Although the officers do not have arrest powers, they work closely with the City of Miami and Miami-Dade County Police Departments, which provide police services to the campus. More than 2,500 doors are equipped with electronic access control, and over 300 video surveillance cameras are deployed to assist the security force. Blue-light telephones are strategically located along walkways, making security easily accessible to those walking on campus. Security officers are equipped with radios and are in constant contact with a dispatcher who monitors emergency telephones and surveillance systems. Upon request, officers provide security escorts on campus (including to Metrorail) 24 hours a day. Students, faculty, and staff are encouraged to take an active role in their own safety through ongoing orientation programs and crime-prevention seminars. A full-time crime-prevention and investigation manager coordinates these activities and all ongoing investigations. The Miami-Dade County Police Department assigns a small contingent of officers to the complex on a full-time basis, though no formal written agreement exists between this agency and the University. Security at South Campus, located in southwest Miami-Dade County, is coordinated by the Miller School of Medicine Security Department.

Rosenstiel School of Marine and Atmospheric Science Campus

Emergency 911

Security Department
Main: 305-421-4766
Non-Emergency: 305-710-7991

The Rosenstiel School of Marine and Atmospheric Science campus is located on Virginia Key off the Rickenbacker Causeway, about eight miles northeast of the Coral Gables campus. The Rosenstiel campus employs a staff of five security officers who patrol the campus 24 hours a day, seven days a week. The security office, which is not continually staffed, is located at 4600 Rickenbacker Causeway, Virginia Key, Miami, Florida 33149. Rosenstiel School of Marine and Atmospheric Science campus security safety policy encourages accurate and prompt reporting of all crimes and emergencies. Criminal actions and other emergencies may be reported by anyone, via telephone, to Miami-Dade County Police by calling 911. Departmental policies outline officer response to reported criminal actions and other emergencies. Response will include timely warning and incorporation into the annual statistical disclosure as necessary. Security officers do not have arrest powers, but have a close working relationship with the Miami-Dade County Police Department, which responds to reported criminal actions and other emergencies. Response will include timely warning and incorporation into the annual statistical disclosure as necessary. Security officers do not have arrest powers, but have a close working relationship with the Miami-Dade County Police Department, which responds to calls for police assistance and in emergency situations. However, no formal written agreement exists between the county police and the University. If you have an emergency, dial 911.
The UM Police Department and UM Security Departments actively work to keep the University community informed about safety and security on all campuses.

CRIME LOG
The University’s respective police and security departments maintain a daily log, written in a form that can be easily understood, recording all crimes reported to such police or security department. Each log entry encompasses the nature, date, time, and general location of each reported crime in addition to the disposition of the complaint, if known. All entries are open to public inspection within two business days of the initial report being made to the respective police or security department, except where disclosure of such information is prohibited by law or such disclosure would jeopardize the confidentiality of the victim. If there is clear and convincing evidence that the release of such information would jeopardize an ongoing criminal investigation or the safety of an individual, cause a suspect to flee or evade detection, or result in the destruction of evidence, such information may be withheld until that damage is no longer likely to occur from the release of such information.

CONFIDENTIAL REPORTING
University police and security allow individuals to report a crime on a voluntary confidential basis so the crime may be included as necessary in the annual crime statistics and considered for timely report issuance. However, prosecution of the reported crime may require disclosure of identity. The University of Miami Police Department makes available an anonymous crime-reporting medium through the police department Web site called the “Silent Witness Form.” Access the form at www.miami.edu/police.

EMERGENCY NOTIFICATION NETWORK (ENN)
University policies guide immediate emergency response and evacuation procedures, including use of the University’s Emergency Notification Network (ENN), which encompasses electronic, physical, landline, and cellular emergency message communications. Specifically, these policies and procedures require authorized University officials to immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on the campus, unless issuing a notification will compromise efforts to contain the emergency. Emergency messages will include information on what has occurred and directions to the community on what to do next. The possible Emergency Notification Network mediums through which messages may be sent include recorded voice messages to cell, home, and office phones; text messages to cell phones; e-mail messages; messages on the University’s Web site; outdoor warning siren tones; and loudspeaker voice messages in equipped buildings. It is absolutely necessary that every student and employee keep the University updated with his or her current contact information through the University’s myUM Web system. The Emergency Notification Network contact databases are populated with the information each community member has entered in this system. To review and update your personal contact information, visit www.miami.edu/myUM.

The University’s emergency response and evacuation procedures are published online and accessible at www.miami.edu/prepare. These procedures are inclusive of hurricane and hostile intruder situations. All students and employees are highly encouraged to read and review these procedures regularly. Emergency response and evacuation procedures are tested on an annual basis. This includes a full-scale Emergency Notification Network test.

For further information on the University’s emergency response and evacuation procedures, as well as the Emergency Notification Network and its annual testing, visit www.miami.edu/prepare.

TIMELY REPORTS/CRIME ALERTS
Timely reports, branded as University “Crime Alerts,” are special reports issued to the campus community whenever a crime occurrence is reported to campus police/security or local police agencies that is considered to be a threat to other students and employees. Such reports are provided to students and employees in a manner that is timely and that will aid in the prevention of similar occurrences. Generally, “Crime Alerts” follow a standardized form and are usually distributed via University-wide e-mail, Web pages, and sometimes printed flyers/posters; other available means may be utilized to further distribute the information.

SAFETY AND SECURITY PUBLICATIONS
A multitude of safety and security publications are continuously made available to all students, faculty, and staff in both print and electronic format. Some of the most widely distributed general publications include, but are not limited to: UMPD Quick Reference Safety and Security Guide, Stepping Out - A Guide to Pedestrian Safety, Personal Safety Tips Guide, Preventing Preventing Personal Property Theft, Safety Escort Services, Miami Area Directions Guide, Preventing Auto Theft, Dangers of Drinking, ATM & Credit Card Safety, and many other time/semester-specific guides.

Electronic publications can be viewed online at www.miami.edu/police. Print publications can be requested by contacting the University of Miami Police Department Crime Prevention Office at 305-284-1105.
Alcohol and Drug Use
The unlawful manufacture, sale, distribution, promotion, possession, or use of drugs and the abuse of alcohol are prohibited on and on University of Miami-owned or -controlled property and as a part of any activity. The enforcement of federal, state, and local laws pertaining to underage drinking; possession, use, and sale of drugs; and any other criminal occurrences, including false identification cases, are handled by University, city, county, or state police officers. The alcohol policy can be found in its entirety in the Student Rights and Responsibilities Handbook, which is accessible through the Dean of Students Web site at www.miami.edu/dean-students. A publication describing false identification laws is accessible through the UMPD Web site at www.miami.edu/police.

PIER 21 - Coral Gables Campus
The Pier 21: William W. Sandler, Jr. Center for Alcohol and Other Drug Education is a comprehensive, innovative, multidimensional education, prevention, and intervention program focusing on alcohol and other drug use, misuse, and abuse. The center is open to all members of the University community.

For more information about the center’s services, please call 305-284-6120 or visit www.miami.edu/pier21.

Student Counseling Center
The Student Counseling Center provides general counseling services and, when appropriate, referrals to specialized substance-abuse counseling services in the community. The center is staffed by psychologists, counselors, predoctoral psychology interns, and part-time consulting psychiatrists. The Student Counseling Center is located in the Center for Student Services, 5600 George Merrick Drive, Building 21-R. Appointments can be made by calling 305-284-3511 from 8:30 a.m. to 5 p.m., Monday through Friday. On weekends and evenings, psychologists may be contacted by calling a residential college coordinator or University Police. The center’s Web site is www.miami.edu/counseling-center.

Safety in Numbers
For your safety on and around the Coral Gables campus, consider utilizing the following services:

■ The University of Miami Police Department provides safety escort services. Escorts are a free, safe means of travel for students and employees on the Coral Gables campus 24 hours a day. To request a safety escort, call University Police at 305-284-6666 or use one of the 100-plus blue-light telephones on campus. Escorts are limited to the geographic boundaries of the Coral Gables campus.

■ The Department of Parking and Transportation operates several on- and off-campus shuttle routes. Hurry ‘Cane Shuttle services provide a safe, reliable, and free means to get around. On-campus shuttle routes cover the entire campus. Off-campus shuttle routes go to popular destinations, including South Miami’s Shops at Sunset Place, and various retail establishments including, but not limited to, Publix Supermarket, TGI Friday’s, Blockbuster Video, and Starbucks.

For information on specific routes, visit www.miami.edu/parking or call the Department of Parking and Transportation at 305-284-3096.

Pedestrian Safety
When walking to any off-campus destination, please remember that the University campuses are located in a major urban area with heavy vehicular traffic.

The Coral Gables campus, in particular, is located next to a major thoroughfare: US 1/South Dixie Highway, a six-lane highway. Pedestrian safety is critically important—each year in our country approximately 5,000 pedestrians are killed in traffic crashes and about 80,000 more are injured.

Most of the stores, restaurants, and other attractions within walking distance of the Coral Gables campus are located in the Coral Gables/South Miami neighborhood south of campus across US 1. If you are crossing the highway, always use the designated crosswalks located at the intersections of US 1 and Red Road/SW 57th Avenue, Mariposa Court (by the Metrorail University Station), and Stanford Drive.

Bicycle Safety Tips
In the state of Florida, bicycles are legally defined as vehicles. Cyclists must obey the same traffic laws as other drivers. Pedestrians must be given the right of way. Cyclists should follow these guidelines:

■ Wear a helmet. More than 70 percent of bicycle-related fatalities are the result of head injuries.

■ At night, always wear light-colored clothing and make sure you have an illuminated headlight and taillight—it’s state law.

■ Ride with traffic. Don’t ride against the flow of traffic.

■ All bicycles used, kept, or otherwise on the Coral Gables campus are required by University policy to be officially registered with UMPD and secured whenever not in use at a designated bicycle rack with a UMPD issued U-lock. Bicycles in violation of this policy are subject to being secured and/or impounded. UMPD bicycle registration and U-locks are free of charge. For full details on this policy as well as other campus bicycle policies, visit www.miami.edu/police and click on the “Bicycles on Campus” page.

Sex Offenses: What You Should Know
Sexual battery is defined as nonconsensual oral, anal, or vaginal penetration by, or union with, the sexual organ of another or by any other object. If you are the victim of a sexual battery:

■ Call 911 if you are injured or need immediate assistance.

■ On the Coral Gables campus, call University Police at 305-284-6666; University
Hospital. Treatment Center at Jackson Memorial and works in collaboration with the Rape program that is sensitive to victims’ needs. Within the unit is a victims’ advocate. Unit that investigates sexual battery cases. Police Department has a Sexual Battery will be dispatched. The Coral Gables of Miami and Coral Gables police officers immediately. If you are in immediate conducting should be reported to the police. The Miami-Dade County Police Department, call the Miami Police Department.

On the Miller School campus, call Security at 305-243-6000, who in turn will call the Miami Police Department.

On the Rosenstiel School campus, call the Miami-Dade County Police Department at 305-476-5423.

It is the student’s option to notify proper law enforcement officials, including campus or local police, but institutional personnel will assist the student if requested.

- Do not shower or change your clothing; otherwise you may destroy valuable evidence.
- Do not disturb the crime scene.
- You may request to speak anonymously with a member of the Sexual Assault Response Team (SART) at 305-798-6666. SART is not affiliated with the police. The team is run through the Counseling Center and is composed of a group of volunteer graduate students, faculty, staff, and administrators who have been trained to provide information and support to this 24-hour hotline.

- You may go to the Rape Treatment Center at Jackson Memorial Hospital for extensive treatment and counseling. Sexual misconduct includes unacceptable sexually oriented behavior that is outside the scope of sexual battery. Sexual misconduct should be reported to the police immediately. If you are in immediate danger, call 911.

For information on registered sexual offenders, visit the Florida Department of Law Enforcement Sexual Offenders and Predators Web site at http://offender.fdle.state.fl.us/offender/homepage.do

University Policy and Judicial Action
Violations of the student code may result in disciplinary action by the University and/or criminal prosecution. If the accused student is charged by public authorities for an act that is also a violation of University policies or procedures, the University may stay its proceeding pending the outcome of the criminal case. The Office of the Dean of Students oversees all University judicial proceedings involving sexual misconduct of students:

- Students charged with violations of the Student Rights and Responsibilities will be given adequate notice of the charges and allegations against them and be provided an opportunity to address these charges during a hearing. Victims of sexual misconduct may be asked to provide testimony at these proceedings and are allowed to submit a written impact statement to the dean of students describing the sexual battery. The dean of students will consider this statement during sanctioning. In cases where an alleged offender’s conduct poses a threat to the University community, the provost may choose to impose an immediate suspension until a hearing can be convened to determine the facts of the case.

- The victim’s academic and living situations will be changed upon request if reasonably available.

- Both the accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding.

- The accused student shall have an opportunity to be represented at his/her own expense by an attorney or advisor of his/her choice. In those cases in which an attorney or advisor represents the accused student, the University will have an attorney prosecuting the case. Both the alleged victim and the alleged offender will be informed of the final outcome of the major disciplinary hearing. Students found guilty of violations of sexual misconduct will be sanctioned according to the major offense options, which shall carry the appropriate penalty or penalties under the disciplinary regulations of the University of Miami. This can include suspension or expulsion from the University. University disciplinary proceedings may be held in instances involving sexual misconduct even when formal state charges are not brought. Complete information on the University’s judicial process can be found in the Student Rights and Responsibilities Handbook.

Educational Programs
Educational programs aimed at prevention and awareness of acquaintance rape, sexual battery, and other sexual offenses are offered by the University of Miami Police Department several times throughout the semester, and special presentations may be requested by any group or organization. These programs may include the following:

- Acquaintance Rape Awareness, a forum and/or presentation for men and women to discuss behaviors and attitudes that contribute to acquaintance rape.
- Rape Aggression Defense Training (RAD), a self-defense and awareness program for women only. Facilitated by certified instructors, the program includes a free lifetime return-and-practice policy. Classes are scheduled each semester and upon request by any group or organization.
- Self-Defense Awareness and Familiarization Exchange (SAFE), an abridged two-hour version of the RAD program.
- Sexual Assault Education Team, which conducts programs to educate the University community about the issue of acquaintance/date rape and the University reporting policy.
If You Are the Victim of a Crime
Call the police. For an emergency, dial 911. For a nonemergency, call the following numbers:
Coral Gables campus, 305-284-6666
Miller School campus, 305-243-6000
Rosenstiel School campus, 305-421-4766 or 305-710-7991
- If you are assaulted and do not know your assailant, try to remember as much information about the person as possible (gender, race, hair color, mode of travel, tag number, etc.).
- If you see a suspicious person, do not approach the person yourself. Report the type of suspicious activity and a general description of the suspects.
- If your car is damaged, complete a police report to satisfy insurance company requirements. Miller School campus security officers will assist you in contacting the appropriate police agency so that you can obtain a police report.
- If you receive a bomb threat, call University Police (Coral Gables campus) or University Security (Miller School and Rosenstiel School campuses) immediately, notify your supervisor, and do not panic. Obtain as much specific information from the caller as possible, including: (1) the location of the bomb; (2) the time it is set to detonate; and (3) the type of bomb. Conduct a cursory search of your area to identify suspicious or unfamiliar packages or other items. Do not touch these items. Advise the police of the location of such items. Evacuate the premises until the police indicate that it is safe to reenter the area. Visit www.miami.edu/police for additional information.

If You Are Sick or Injured
Coral Gables campus, 911. If you are not seriously injured, contact Student Health Services to schedule an appointment. If you desire, you can ask a friend to transport you to Doctors Hospital Emergency Room.
Miller School campus, 305-243-6000, who will contact Fire-Rescue. If you are not seriously injured or sick, ask a friend to transport you to University of Miami Hospital Emergency Room.
Rosenstiel School campus, 911. If you are not seriously injured or sick, ask your supervisor to assist in arranging transportation to University of Miami Hospital Emergency Room.
- Advise the department of your location and the nature of the illness or injury.
- Do not hang up until you are told to do so.

Public Access Defibrillator Program
Nearly five dozen automated external defibrillators (AEDs) are located throughout every major building on the Coral Gables campus as part of the University’s public access defibrillation (PAD) program, administered by the Environmental Health and Safety Department. The Miller and Rosenstiel campuses are also equipped. The Cardiac Science AED units, which provide a lifesaving electrical shock to victims in cardiac arrest, can be operated without any training or previous experience. However, AED and CPR training is available through the Coral Gables campus Wellness Center to those community members who are interested. All University Police vehicles also carry the devices.

Security in the Residential Colleges
A variety of systems are in place in the residential colleges to provide security:
- Access to the floors where student rooms are located is restricted by electronic card access 24 hours a day.
- Each card access-controlled entrance and each first-floor fire exit door are equipped with an alarm that will sound if a door is propped open. Door alarms sound locally and at the reception desks, which are staffed 24 hours a day.
- After 10 p.m., guests visiting residential colleges must contact their hosts and be escorted by them into the building. These guests also must be registered with student security staff (located at the entrance to each residential college).
- Student apartment doors are equipped with deadbolt locks and peepholes.

Weapons on Campus
University policy and Florida state law prohibit the possession, control, or display of any firearm, electric weapon or device, destructive device, or other weapon, as defined in Florida Statute 790.001, while on the property of the University of Miami, including all on-campus housing. Individuals who possess a Florida state-issued or -recognized license to carry concealed weapons or concealed firearms (commonly known as a Concealed Weapon or Firearm License) are not exempt; Florida state law explicitly states that a Concealed Carry Weapons Permit does not allow for legal weapons to be carried on any school property, public or private.

Lightning Prediction System
The University of Miami has installed a lightning prediction system designed to forecast lightning strikes within a defined area. When conditions for a lightning strike exist, the system will emit a 15-second blast from sirens that can be heard a half-mile away. At the same time, a yellow strobe will activate and stay on until the danger has passed or at least ten minutes after the last detection of lightning. During this alarm state, those outdoors on athletic fields are strongly advised to seek appropriate shelter. Once the potential for a lightning strike has passed, the system will activate the horns for an all-clear signal—three short (five-second duration) blasts—and the strobe light will cease functioning. The system is in effect from 7 a.m. to 11 p.m.

Lost and Found
Coral Gables campus: Information Desk in the Norman G. Whitten University Center or the second floor of the bookstore
Miller School campus: bookstore or the security desk in the Rosenstiel Medical Science Building
Rosenstiel School campus: Dean’s Office
SAFETY ESCORT SERVICES
Free on-campus safety escorts are provided to the entire University community 24 hours a day.

PERSONAL SAFETY PROGRAMS
These programs inform students, faculty, and staff about how to avoid becoming victims of crime. Topics include, but are not limited to, self-protection, robbery prevention, safe travel, identity theft, and other issues related to University life and current crime trends.

ORIENTATION PROGRAMS
The Crime Prevention Office participates in new and transfer student and employee orientation programs to ensure the entire University community is informed regarding campus safety and security.

“CANES RESOURCE OFFICER
Each building, department, and organization on campus “adopts” one UM police officer, who provides high visibility and expertise in crime prevention and counseling, and is highly accessible to the college community.

This is a partial list of the most popular programs and services offered by the University’s police and/or security departments to all students and employees. A full list of programs and services, as well as additional information and schedules, is available online at www.miami.edu/police or by calling the UM Police Crime Prevention Office at 305-284-1105.

FOR YOUR SAFETY
These programs are designed to inform students and employees about the prevention of crimes, campus security procedures, and safety practices, and to encourage individual responsibility for personal safety and security as well as the security of others.

RAPE AGGRESSION DEFENSE
The Rape Aggression Defense (RAD) System is an internationally recognized program of realistic self-defense tactics and techniques for women. It is a comprehensive, women-only course that begins with awareness, prevention, risk reduction, and risk avoidance, while progressing on to the basics of hands-on defense training. RAD is not a martial arts program. All courses are taught by nationally certified RAD instructors. The basic program consists of nine to 12 hours of instruction, generally over three to four evenings. The advanced program encompasses an additional 25 hours of instruction, generally over three to four evenings. The advanced program provides a lifetime return-and-practice policy. Preregistration is required. Check the UM Police self-defense Web site for more information, schedules of upcoming classes, and to submit a registration form: www.miami.edu/police/selfdefense.

CROCODILE SAFETY PROGRAM
The Coral Gables campus has one or more crocodiles living in Lake Osceola at any given time. Although there have been no reported incidents of a crocodile ever attacking a human in the state of Florida, safety information is distributed through programming, advertising, and publications.

FACEBOOK/MYSPACE/TWITTER
Information on safety, programs, events, and new initiatives are regularly shared with the University community through various social networking sites, including Facebook, MySpace, and Twitter. Anyone can join UMPD’s group.

ONLINE TRAFFIC SCHOOL
A partnership with the Florida Safety Council allows community members to complete state-approved traffic courses for personal education and court-mandated purposes at competitive prices.

INTERVIEWS
Police and security department personnel will make every effort to accommodate any interview request (on- or off-camera) by any member of the University community media. Requests must be submitted in advance and require approval by the University’s Communications Department.

LUNCH WITH THE CHIEF
In an effort to keep in direct touch with the community, University of Miami Police Chief David Rivero regularly meets with students, one on one, for lunch—chief’s treat. The only catch is that students need to have one suggestion for how the UM Police Department can improve its policing, crime-prevention initiatives, activities, services, programs, or any other facet of the department.

STUDENT GOVERNMENT POLICE ADVISORY BOARD
The Student Government Police Advisory Board serves as the official liaison between the student body and Coral Gables campus Police Department. Police representatives regularly attend board meetings and collaboratively work with board members on projects and programs designed to address public safety concerns in and around the Coral Gables campus.

OPERATION ID
This national program involves permanently marking valuables to deter theft and aid in recovery of stolen property. Several options are available, free of charge, through UMPD.

ANTI-THEFT DEVICES
Locks for bicycles are provided free of charge, courtesy of the UMPD. Locks for vehicles and laptop computers are available at a reduced cost.

INFORMATION TABLES
Information tables staffed by police and security officials are set up throughout the year in a variety of locations to promote crime prevention and interaction with the University community.

OFFICE CRIME WATCH
This organized effort, which includes meetings, security surveys, and information programs, is designed to reduce or remove crime in the workplace.

SPEAKERS BUREAU
A large roster of security and police professionals employed both inside and outside the University is maintained to fulfill requests for presenters on various crime- and safety-related topics.

SAFE ENVIRONMENT
The UM Police and security departments assist University architects and engineers with safety surveys, and information programs, is designed to reduce or remove crime in the workplace.

SECURITY SURVEYS
The UM Police and security departments conduct security surveys of offices and buildings upon request to identify vulnerabilities in access, security, and property control, and to make recommendations for addressing those vulnerabilities.

CAMPUS MAINTENANCE
Facilities Administration maintains campus facilities in a manner that promotes safety and security. Requests for service involving security-related issues are treated with priority.

LIGHTING TOURS/CHECKS
University Police and security participate in lighting tours conducted by the Office of the Dean of Students to evaluate existing lighting and to recommend improvements.
Pursuant to 20 U.S.C. Section 1092(f) “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act”: 2006-2008 statistics as reported to the University of Miami Police and Security Departments, as well as the local and/or county police having jurisdiction over the respective campus location. Confidential disclosures regarding crime victimization made to University-affiliated professionals within privileged relationships (counselor-patient, clergy-parishioner, etc.) are reported to University authorities only for the purposes of annual statistical disclosure at the discretion of the professional. There is no University policy requiring such disclosures made in confidence to professionals not affiliated with campus police or security to report such information to campus police or security. The statistics were valid at publication but may not reflect current trends.

Blue-Light Telephone Locations

More than 150 blue-light telephones are strategically located throughout the Coral Gables and Miller School campuses. These phones are marked by a blue light to aid in nighttime identification. Phones are connected directly to police or security and identify the location of the caller in the event he or she is unable to speak. Phones may be used to report an emergency, request a safety escort, report suspicious persons or activities, or obtain information. Locations of the telephones are indicated on the campus map by a blue telephone icon.

Campus Fire Safety Right-to-Know

This guide is published annually in compliance with section 485(i) of the Higher Education Opportunity Act, otherwise known as the Campus Fire Safety Right-to-Know. All currently registered students as well as employees are directly mailed (via U.S. Postal Service or interoffice campus mail) a notice by October 1 of each year that includes a statement of the report’s availability, the exact electronic address at which the report is posted, a brief description of the report’s contents, and a statement that the institution will provide a paper copy of the report upon request to the University of Miami Police Department (UMPD). An electronic version is available online at www.miami.edu/public-safety/safetymatters/09-10.pdf. Printed copies may be requested by calling UMPD at 305-284-1105. Prospective students and employees of the University are informed of the guide’s availability, provided with a summary of its contents, and given the opportunity to request a copy from the University of Miami Police Department.

Fire Log
The University’s Police Department maintains a written, easily understood fire log that records, by the date that the fire was reported, any fire that occurred in an on-campus student housing facility. This log includes the nature, date, time, and general location of each fire.

Fire Safety Systems, Training, and Drills
At the University of Miami, all six Residential Colleges (Mahoney, Pearson, Eaton/Apartments, Hecht, Stanford, and University Village) are completely covered by an integrated automatic sprinkler and fire alarm system, which is monitored 24 hours a day, seven days a week. The buildings are also equipped with emergency generators that are designed to automatically activate whenever there is a power loss. These generators will operate life safety systems, including all fire safety equipment, sprinkler systems, hallway lighting, emergency exit doors, and lighting in all emergency exit stairwells.

Basic fire safety instruction is provided to all students living in residence halls who attend the orientation program at the beginning of each academic year. Basic fire safety instruction is also offered to all new employees during the New Employee Orientation program. All existing employees are provided periodic training, coordinated by the Professional Development and Training Office (U-Learn computer-based learning program), and by request from individual departments and groups of employees.

All residence hall staff receive additional intensive and comprehensive fire safety training at the beginning of each semester. In addition, a quality control program that covers emergency and evacuation procedures is reviewed regularly with the occupants and staff of each respective residence hall. Each resident is given a copy of the Residence Halls Safety and Security Brochure, which includes information on fire safety and what appropriate action to take during a fire alarm or fire emergency. Every student room has an emergency evacuation map installed on the inside of the front door as well, to direct occupants to primary and secondary exits. Fire exit drills are conducted as follows: (i) Health
Care Facilities: once per quarter for each shift; (2) Day Care Facilities: once a month; and (3) Residence Halls (Dormitories): once a semester. The two Residence Halls fire drills conducted each year are done in coordination with the City of Coral Gables Fire Department and the University’s Physical Plant Department.

In an attempt to assist the privately/independently owned fraternities to maintain acceptable living conditions, health requirements, and safety standards for students residing in fraternity houses, the fraternities must comply with the following inspection policies (2008-2009 Student Rights and Responsibilities Handbook). Each House Corporation is required to have an annual fire safety inspection conducted by a licensed and certified fire safety inspector. The inspection is to be completed during the summer months, and a copy of the inspection report must be submitted to the Office of the Dean of Students no later than September 15. Each organization is responsible for the costs of the inspections. It is the responsibility of each fraternity to ensure that its members maintain acceptable living conditions. As part of this responsibility, each fraternity should take all necessary steps to maintain its property in a safe, clean, and sanitary condition. Failure to comply with this policy could result in various penalties and sanctions, including closure by the University.

The University of Miami continues to be proactive with respect to fire safety and currently has a fire safety score of 84 out of 99 from the Princeton Review, the benchmark organization for colleges and universities.

**Student Housing Reporting and Evacuation Procedures**

If a fire is detected or the fire alarm sounds, evacuate the area. Isolate the fire by closing doors as you leave. Do not attempt to extinguish fires unless you have been trained on the proper use of portable fire extinguishers. Activate the nearest fire alarm if it has not already been activated. Report the fire to the Coral Gables Fire Department by using a telephone in a safe area to call 911.

Upon hearing a fire alarm, evacuate the building by stairs and exits. Do not use elevators. Once outside the building, stay out and move away from the building to clear access for the fire department and other emergency responders. Do not re-enter the building until expressly advised that it is safe to do so by a Fire Department incident commander or University police officer.

Any fires that were quickly extinguished or any evidence of recent fires must be reported immediately to a Residence Halls staff member or University of Miami Police at 305-284-6666, who will document the incident as required. Environmental Health and Safety will coordinate with the University of Miami Police Department, the Municipal Police Department, and the Municipal Fire Department in the investigation of each fire incident.
Fire Inspection- and Prevention-Related Policies

It is the policy (BSD - 150 - Fire Prevention) of the University of Miami to provide faculty, staff, students, and visitors with the safest possible environment, free from potential fire hazards. The primary goal of the University's Fire Prevention Program is to recognize hazardous conditions and take appropriate action before such conditions result in a fire emergency. This goal is accomplished by (1) conducting periodic fire safety inspections of all University buildings; (2) increasing the fire safety awareness of students and employees by conducting periodic training on basic fire safety; and (3) conducting third-party fire safety audits.

Regarding fire safety inspections, fire- and life-safety features of the buildings shall be in compliance with all applicable standards of the National Fire Protection Association (NFPA) and adopted by the State of Florida and the local Authority Having Jurisdiction (AHJ). The Office of Environmental Health and Safety (EHS) conducts fire safety inspections of all University buildings. Some buildings may be inspected more frequently as deemed necessary. A copy of the completed Fire Inspection Report for each building will be forwarded to the appropriate department responsible for maintaining fire safety compliance of that building. The responsible department will be expected to correct any deficiencies and notify EHS by returning a copy of the report indicating the date (as determined by the AHJ) when each deficiency was corrected. EHS will conduct a follow-up inspection to verify correction of all deficiencies once notification has been received. Copies of all completed Fire Inspection Reports will be maintained by EHS. Department heads will receive a copy of each completed Fire Inspection Report. The department head will be responsible for correcting the deficiencies identified within the time period specified in each report. Once completed, the date of correction will be entered on the Fire Inspection Report for any deficiency. Upon correction of all noted deficiencies, a copy of the report showing the dates of correction will be forwarded to EHS.

To minimize the potential for fires at the University of Miami, it is the policy (BSD - 150 - Fire Prevention) of the University of Miami to prohibit open burning and the use of combustible decorations at all times (unless in accordance with other University policies and procedures, and/or authorized by the Authority Having Jurisdiction). Open burning as defined by the University is any open/exposed flame or combustion that produces heat, light, or smoke, and has the potential to cause a fire. Examples of open burning are, but not limited to, candles, incense, bonfires, campfires, barbecue grills, and their related accessories such as: gasoline, propane, lighter fluid, charcoal, and pyrotechnics. All decorations and ornaments must be of fire-resistant or non-combustible material, U.L. rated and approved for use. They shall not be hung or posted on any fire protection equipment (fire hose cabinets, fire extinguishers, sprinkler heads and piping, smoke detectors, fire alarm pull boxes, etc.), on or near exits, on or near exit or emergency lights, on or near any other protective or operating feature provided by the University, or in any manner that could present a fall or trip hazard, or impede egress. Removal of all decorations, ornaments, and displays are required immediately after the event or prior to the University’s annual holiday closure. Decorative lights including holiday lights, as well as floodlights, extension cords, or electrically operated ornaments must be U.L. rated and approved for use. Electric lights or electrically operated ornaments shall not be used on metal, aluminum, or any other similar metal, which could

Fire Safety Tips

- Should you see a fire, sound the fire alarm immediately and call 911.
- Advise the police of the size and location of the fire.
- Police will notify the appropriate fire department and will respond to assist.
- Do not enter a building that is on fire.
- Advise the police if you know that someone is in the building.
- Always report any fire, even if it has been extinguished.
- Report vandalized or discharged fire extinguishers to University police.
- Make sure you know what your building’s fire alarm sounds like.
- Know your evacuation route (at least two exits).
- Close doors to help prevent the fire from spreading.
- Do not open doors if you suspect fire may be on the other side.
- Stay low to the floor and cover your mouth with a wet cloth to make breathing easier in smoky conditions.
- Never prop open or lock a fire exit.
- University policy dictates that when a fire alarm sounds in a residential college, the building will be evacuated for student safety.
induce an electric shock. Only heavy-duty extension cords and decorative lights in good condition (free from damage or exposed wiring) shall be used for decorations, must be unplugged at the end of each day, and removed after the event or holiday season. Extension cords or decorative lights may not be routed under rugs or carpets, through doorways, or in any manner that could present a fall or trip hazard, or impede egress. It is the policy of the University that only artificial holiday trees will be used and shall be of fire-retardant or non-combustible material. Indoor trees must be placed out of the way of traffic and must not block doorways, exits, exit signs, or any of the fire protection equipment, or placed in any manner that could present a fall or trip hazard, or impede egress. Holiday tree lights must be unplugged at the end of each day and removed after the event or prior to the University’s annual holiday closure. Artificial snow and other decorative sprays should be used with extreme caution; they shall not be used in laboratory and or clinical settings. Avoid spraying around exits, exit signs, or any of the fire protection equipment.

To minimize the potential for fires at the University of Miami, it is the policy (BSD - 150 - Fire Prevention) of the University of Miami to prohibit the use of the following items in any University-owned or -operated facility indoors (unless in accordance with other University policies and procedures, and/or by the Authority Having Jurisdiction): portable space heaters, barbecue grills, hibachis, smokers (gas, electric, charcoal), and related accessories, including lighter fluids and lighters, and other similar type products (for cooking/warming purposes); any open-flame device or object including candles, incense sticks, and related accessories, hot plates, slow cookers, deep fryers, electric skillets, electric woks, griddles, sandwich makers/grills and other similar type products (for cooking/warming purposes), and toaster ovens (for cooking/warming purposes); flammable/combustible liquids (for recreational/personal use), fireworks, firecrackers, rockets, flares, sparklers and other devices; halogen lamps; ceiling/wall tapestries; and live holiday trees or non-fire-retardant artificial holiday trees. Exceptions include: Portable space heaters are allowed for the Division of Veterinary Resources for the comfort and well-being of the research animals under its care. Approved portable space heaters, as authorized by the Office of Environmental Health & Safety, will be allowed for students/employees with diagnosable medical conditions as determined by licensed health care professionals, with such documentation kept on file at the University’s Human Resources and Student Affairs divisions. The “cooking” and “warming” options exclude cooking and warming done in areas designed and built for such purposes and only while the use of these devices are under the direct supervision of qualified personnel such as catering staff and certified food preparers.

**Smoking Policy**

In accordance with Florida’s Clean Indoor Air Act, smoking is prohibited in any building owned or leased by the University. This includes, but is not limited to, any classroom, residential college, laboratory, library, faculty office, administrative building, or dining facility. University of Miami abides by and strictly enforces the Florida Clean Indoor Air Act. Students found smoking inside of a residential college will be fined $50 and mandated to take educational classes. Offenders must complete the classes by the end of the semester that the violation occurred. If offenders do not complete the classes by the deadline, the Department of Residence Halls reserves the right to prohibit the offending student(s) from residing in the residence halls the following semester. Additionally, there is a 25-foot smoke-free zone surrounding all five residential colleges, and smoking is also prohibited in front of the main entrance to the Herbert Wellness Center. Smoking is prohibited within these zones. Students found in violation of this policy may be subject to disciplinary action.
2006-2008 statistics as reported to the University of Miami Police and Security Departments. The statistics were valid at publication, but may not reflect current trends.

**Breakdown of All Fire Incidents: All Campuses 2006-2008**

Charts derived from the adjoining statistics are presented for visual representation purposes only. The statistics used in formulation were valid at publication, but may not reflect current trends.

**DEFINITIONS**

*Fire:* Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

*False alarm:* The fire alarm system was intentionally activated when no fire or danger existed, or the system malfunctioned.

*Unwanted alarm:* The fire alarm system was activated as it was designed to do, though the ultimate cause of the alarm was false; for example, dust entering a smoke detector.

1. The most current statistics were obtained from various police, fire, and security department records in February 2009.
2. The Miller School of Medicine campus is inclusive of the CSTARS Richmond and South Campuses.
3. The University of Miami Miller School of Medicine and Rosenstiel School of Marine and Atmospheric Science do not have student residences or fraternities.
