TO: STUDENTS DOING CLINICALS AT  
MERCY HOSPITAL

FROM: BRENDA FERRIS  
DIRECTOR, SECURITY AND PARKING

SUBJECT: **STUDENT PARKING**

---

Mercy Hospital has begun construction of our new emergency department and to facilitate this construction we have closed one of our patient/visitor parking lots (located next to the physician office buildings) and now have only the use of the parking deck for all visitors and patients to Mercy Hospital.

This deck becomes full very early in the day and we have to move people around to assure all of our patients have adequate parking.

To free up more space in the garage, effectively **immediately** all students **will be required to park in the north lot**. This lot is accessible from the LaSalle Road (road sign reads 3601 Block). We will leave the gate to this lot in the up position during the hours of 6:30 am – 8:00 am. This will allow for students doing their clinical rotation to park without the use of a parking card.

If you choose to park in the garage you **will be charged \$3.00 per day – no exceptions.**

I have attached a map showing the new parking area and thank you in advance for your continued assistance with this program.

Please call me at 305.285.2166 for any questions.
